

Product **Debossed Wristbands**

Debossed wristbands are popular with customers who are looking for a subtle image or text display. They are appropriate for anything you would like to make a wristband for, from awareness campaigns to fundraisers, or even just for fun!

The creation of your debossed wristbands begins with a wristband shaped mold which includes inclusions to form your text and/or design(s). These inclusions are created by our staff from your approved design submission. Once your design is created, silicone in your choice of colors is poured into the wristband mold. Colors can be plain, striped, swirled, or glow-in-the-dark. Once the silicone has cured each wristband is inspected for accuracy and quality.
